NA plans can be substituted for US plans, and ND plans can be substituted for AN plans.

TE plans can be substituted for EA plans.

As our customer, you'll find that our focus is on "What works for you?" Employers may pick any two combinations of benefit plan designs as long as the pricing differential is between 10% – 25%. Any base plan can be matched with any buy-up plan to create the Dual Option package that works best for you.

As part of our commitment to put consumers in control of their own health while maintaining value and affordability for business owners, we hope this expanded offering of Dual Option plans helps you attract and retain the caliber of employees you want to help your business thrive.

These benefit grids are intended only to highlight plan benefits and should not be relied upon to fully determine coverage. These plans may not cover all health care expenses. This policy has exclusions, limitations, and terms under which the policy may be continued in force or discontinued. For costs and complete details of the coverage, contact your broker or UnitedHealthcare.
